Canadian Veterinary Medical Association

Student & Graduate Insurance Program

Student & Graduate Insurance Program

The Canadian Veterinary Medical Association has designed a Student & Graduate Insurance Program that will give you and your loved ones peace of mind. Whether in the classroom or out in the field, take comfort in knowing you're protected.

The Insurance Program offers Life and Disability Insurance to students in years one to four of study, as well as to graduates up until they become a CVMA member. When a graduate becomes a member of the CVMA they are eligible to convert their coverage to the Affinity Program at a slightly higher rate.

The benefits package available to you:

Benefit	Coverage Amount
Life Insurance	\$25,000
Accidental Death	\$25,000
Long Term Disability	\$2,000 monthly benefit

Life Insurance pays a lump sum to your named beneficiary if you die while insured under this program. The Accidental Death Insurance pays an additional, equal benefit to your beneficiary if your death is the result of an accident. Long Term Disability pays a monthly benefit to you should you become disabled due to an injury or illness.

The rates are equal to that of the CVMA member rates and vary based on your age, gender and smoking status. The premium changes as you enter a new age bracket. Premiums are payable on the 1st of the month by pre-authorized bank deduction. Rates are reviewed on a yearly basis, each March 1st, and you will be advised in advance of any necessary rate changes.
